

TWISTED RIBBON TECHNIQUE

getcraftywithsally.com

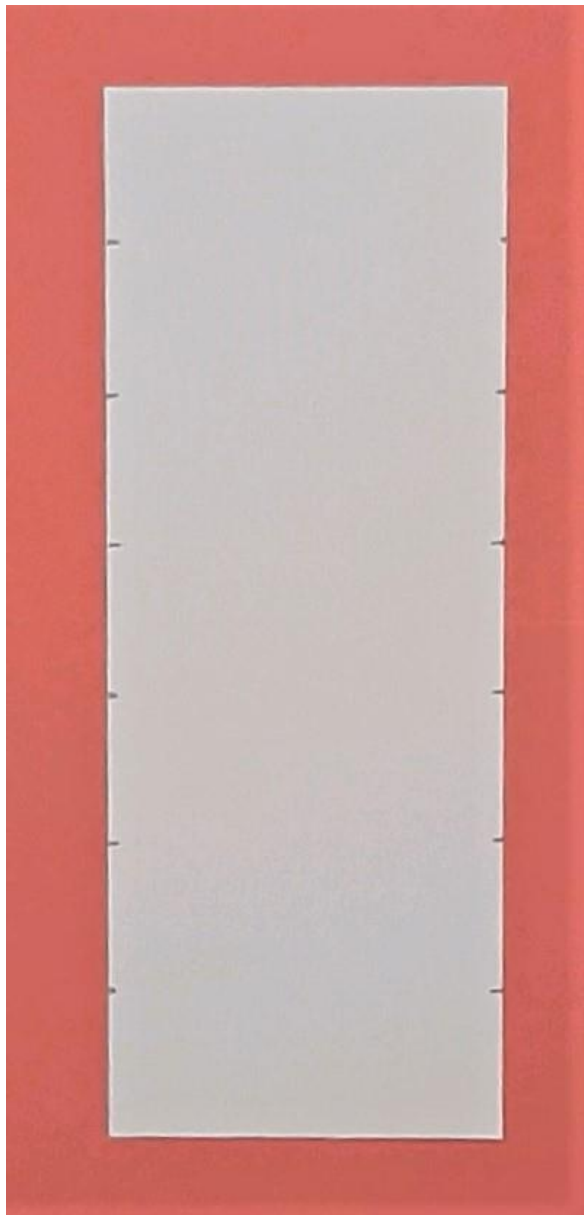

Sally Poole – Independent Stampin' Up! Demonstrator

Score your 5 ½" x 8 ½" card base at 4 ¼" and fold. (I used Flirty Flamingo).

Emboss the 4" x 5 ¼" Basic White cardstock with embossing folder of your choice.

Adhere the embossed panel to your card base.

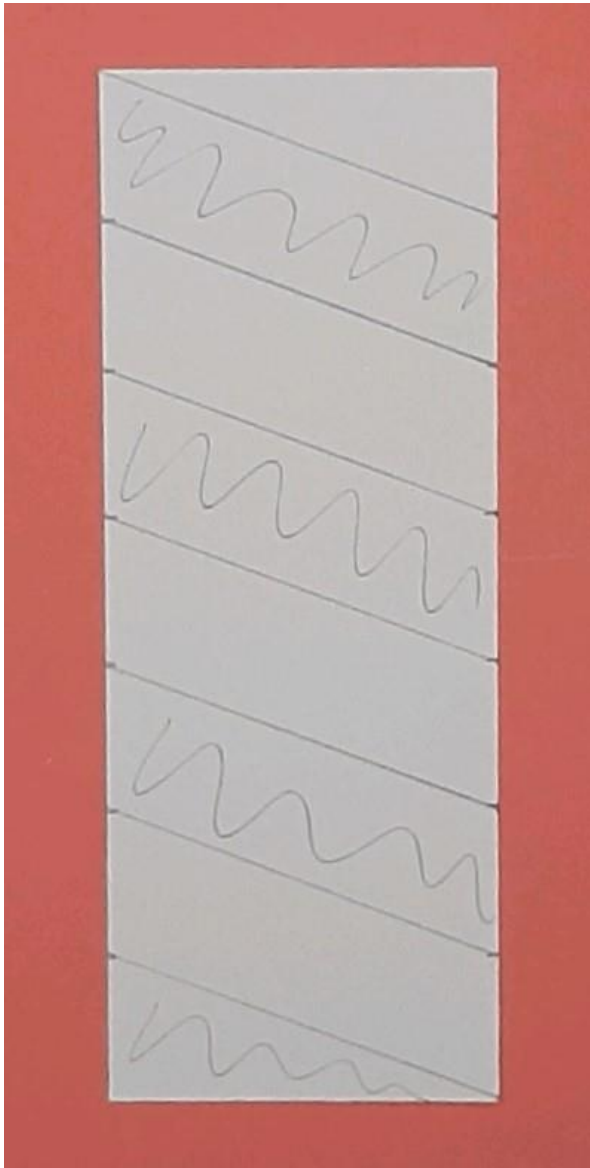

Add tick marks to the 2" x 5 ¼" piece of Basic White cardstock. They are placed every ¾" on both of the 5 ¼" sides. You will have them at ¾", 1 ½", 2 ¼", 3", 3 ¾" and 4 ½".

You'll need 4 pieces of Designer Series Paper cut at $\frac{3}{4}$ " x $3\frac{1}{2}$ " and then the same from a coordinating Designer Series Paper for a total of 8 pieces cut at $\frac{3}{4}$ " x $3\frac{1}{2}$ ".

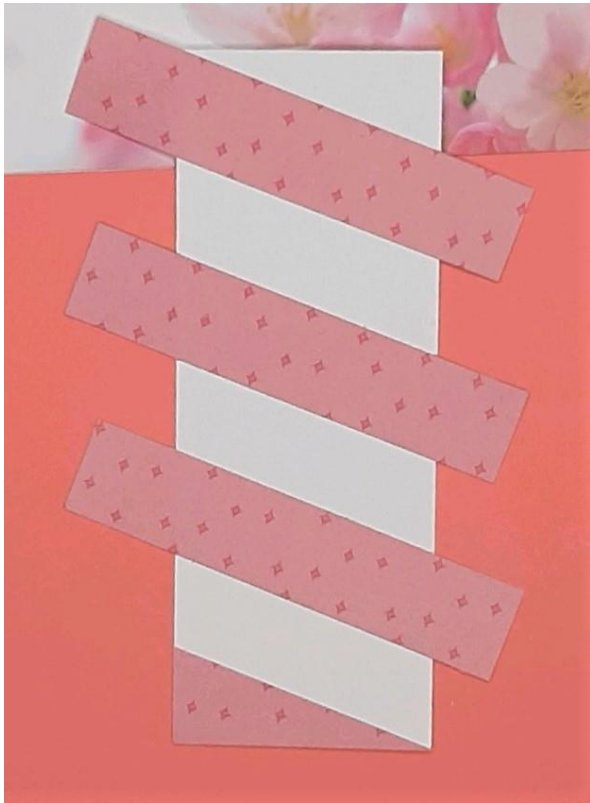

The areas with the squiggly lines are where you will adhere your Designer Series Paper.

(A silicone mat is helpful for this process.)

Adhere the first set of 4 pieces of Designer Series Paper as shown above.

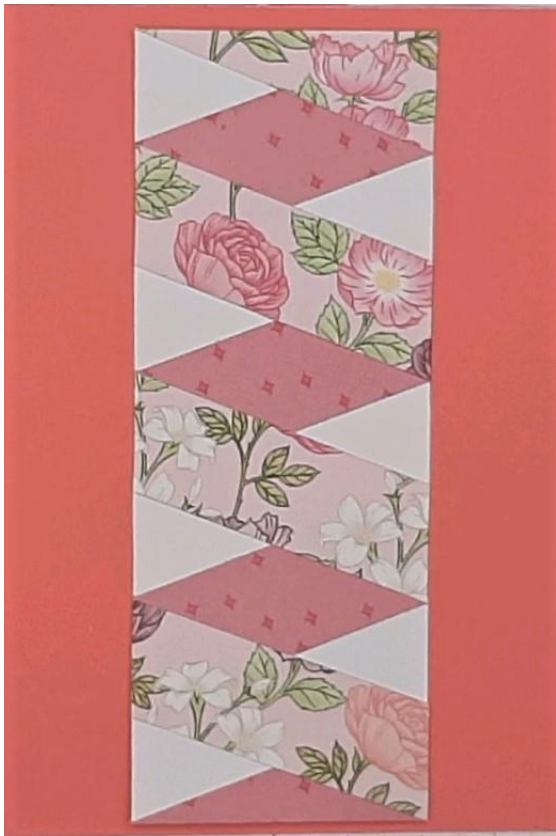

It should look like this: (After you trim the bottom piece.)

Adhere the top layer of Designer Series Paper going the opposite direction as seen below.

Trim off all of the excess edge pieces.

Adhere this panel to the 2 ¼" x 5 ¼" piece of Flirty Flamingo paper, then adhere the Flirty Flamingo piece to the embossed panel.

Stamp and cut your sentiment and adhere to the card front.

Adhere the 4" x 5 ¼" piece of Basic White cardstock to the inside of the card.

Decorate the envelope if you like. I used the same DSP and cut it at 2 1/2" x 6".

SUPPLIES USED FOR THE GREEN CARD:

Boughs Of Holly Designer Series Paper

Shaded Spruce and Basic White cardstocks

Merry Melody 3D Embossing Folder

Sentiment from Hope & Peace stamp set, cut with die from the Tasteful Labels die set.
